“But He said to me,
‘My grace is sufficient
for you...’ - *2 Corinthians 12:9*

Yes, His Love And Grace Are Sufficient

“And God is able to make all grace abound to you, so that having all sufficiency in all things at all times, you may abound in every good work.” – 2 Corinthians 9:8

Turning God-given visions into present-day realities. That’s the mission statement for Teleios Ministry, but the reality of this mission is more than a statement. It’s a fundamental belief that God is truly sufficient for all our needs.

Though the seed for Teleios was planted in 1995, it would be another five years before the vision took shape and the journey of helping others fulfill their God-given dreams began. Over the ensuing 25 years, Teleios and you, our partners, have seen God at work through His Spirit, through His people, and through the events of this world accomplishing His purpose.

From the outset, Teleios has been committed to investing in the God-given dreams of other people in order to

bring them to a sustaining, viable, lasting ministry to the glory of God without strings attached.

Your obedience in serving others through Teleios has enabled great things to be accomplished in the name of Christ Jesus. Such support is also a reflection of how each partnership is different and speaks to people called to help and of how clearly God knows what is needed and makes provision for His will to be accomplished.

Noted theologian Oswald Chambers wrote that “once God’s Redemption comes to the point of obedience in a human soul, it always creates. If I obey Jesus Christ, the Redemption of God will rush through me to other lives, because behind the deed of obedience is the Reality of Almighty God.”

And that reality is the foundation of our faith and belief that He is, indeed, sufficient for all our needs.

In Faithful Obedience!

Changing Lives Through Agricultural Sustainability

♦ **Goat Project - \$100 per goat**

This project has proven to be effective for Teleios partners in Kenya, especially for senior adults. Not only does the goat provide milk for them, but it also creates a sense of purpose for them as they have the responsibility of tending to the goat.

♦ **Seed Package Project - \$10 per pkg.**

Seminars about best agricultural practices have introduced more sustainable methods to family farming. As a result, entire families are now living without assistance because they are able to grow enough food to feed their families while also being able to sell the additional produce grown for income.

Ensuring Access To Clean Water

Access to fresh, clean water remains a challenge for many families. If no water line is connected to their house, they are forced to walk long distances just to get whatever water they can carry.

This "water tank/gutter" system catches rain water and stores it so they can have direct access at their home.

♦ **Water Tank - \$225 ea.**
